**Christmas/New Year 2008
Medical Cover Audit
Results**

INTRODUCTION

Sheffield Local Medical Committee (LMC) requested that constituent practices record activity in their practices on the afternoons of 24 and 31 December 2008.

The LMC received 79 responses out of a possible 91, and would like to thank all those that took the time to gather this information.

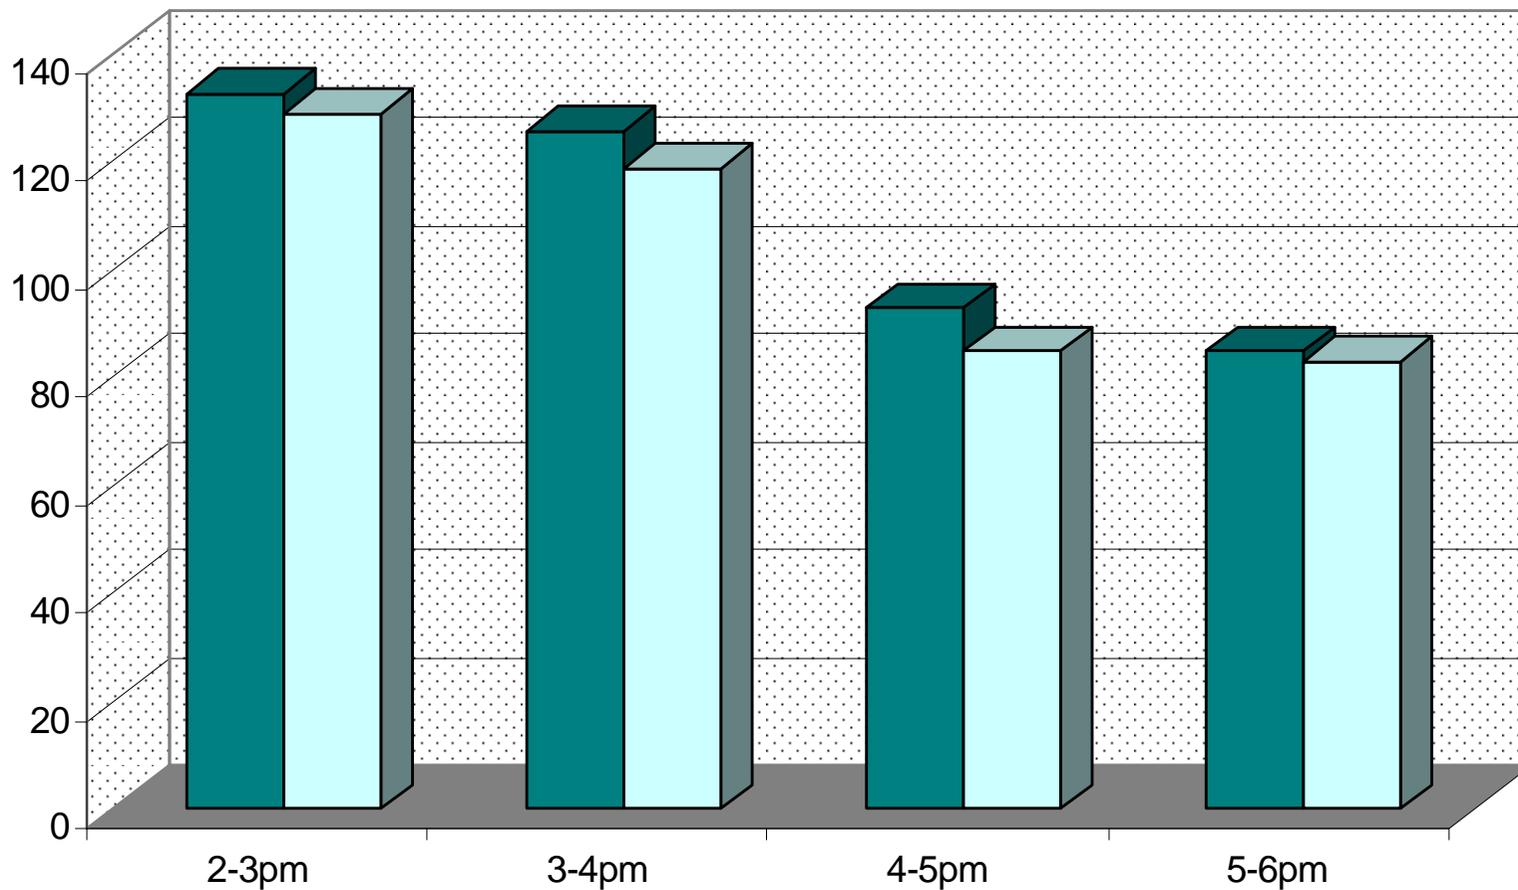

The 79 practices represent approximately 508,213 patients, just over 91% of all patients in Sheffield.

The data received has been collated to produce a number of graphs and it is hoped that this information will inform negotiations around future medical cover requirements.
