**SALARIED GP
PAGE HALL MEDICAL CENTRE**

Permanent Contract
Four sessions plus two Trailblazer sessions* / up to £8500/session pro rata
Indemnity cover, six weeks' holiday, study, audit and appraisal leave

Interested in tackling health inequalities in Sheffield?
Join us at the sharp end of general practice.

Page Hall Medical Centre is a three-partner teaching practice with 7650 patients located in the north of Sheffield adjacent to the Northern General Hospital. Around 90% of patients are from a BAME background; 40% don't use English as a first language and around a third of all consultations require an interpreter.

This post will suit an established or newly-qualified GP wishing to gain valuable experience. Nurse practitioner-led triage and minor illness clinics enable GPs to concentrate on dealing with new and chronic cases, although there is a requirement to act as 'duty doctor' weekly working alongside our nurses to manage acute presentations.

Colleagues are extremely friendly and supportive and the Centre is constantly finding innovative ways to meet the needs of its patient population including participation in research; commitment to quality improvement and active engagement with our neighbourhood practices & community partners. It is very much a learning organisation, with two GPST registrars, student nurses and developing nurse practitioners, and all GPs are invited to contribute to junior colleagues' clinical development.

Rated 'Good' overall by CQC and 'Outstanding' in providing responsive services, experience at the Centre is a valuable addition to any CV.

Expressions of interest or any questions can be directed to Dr Trish Evans, GP Partner, by email at trishevans@nhs.net.

*two educational sessions are for 12 months only and are dependent on the Centre's bid for Trailblazer funding. This is paid release time for personal development and access to other areas of the Scheme. For more details visit <https://www.fairhealth.org.uk/trailblazer>.
