## **GP MENTORING SCHEME**

Sheffield LMC has received funding from Sheffield Clinical Commissioning Group (CCG) to set up a confidential GP mentoring scheme.

The funding will allow us to set up and run the scheme for an initial period, following which we may need to look at alternative sources of recurrent funding.

This type of service has already had success in Nottinghamshire and Derbyshire, initially being designed to tackle workload and burn-out issues.

GP Mentors will be recruited and given specific training to allow them to support working GPs in Sheffield.

To help us to set up and tailor this beneficial service to the needs of Sheffield GPs, we would be grateful if you could complete our short survey via the link below. It should only take a few minutes and all responses will be anonymous.
