GP PARTNER POST DEVONSHIRE GREEN AND HANOVER MEDICAL CENTRES

<https://www.devonshiregreenandhanover.co.uk/>

We are looking for a GP Partner to join our friendly team. We provide excellent primary care and innovative services to a diverse city centre patient population of around 9,000 patients. Our practice is a supportive place to work, and we value our dedicated team which currently consists of 4 GP Partners, 2 Salaried GPs, a Physicians Associate, Clinical Pharmacist, Physio, Practice Nurses, Health Care Assistant plus our management and admin team. We are active members of our Primary Care Network. We work with people experiencing homelessness and there are opportunities to develop skills working to tackle health inequalities.

We are looking for 4 to 6 clinical sessions (though have flexibility for the right applicant). We are an active training practice with GP registrars and have a strong history of delivering post-graduate medical education. There are opportunities to develop teaching skills with supervision from experienced educators - we have medical (3B, student selected component) students attached to the practice.

We are a research active practice and interested applicants would have opportunities to develop research skills. We have strong links with the Deep End network of practices, serving the most socioeconomically deprived areas of Yorkshire and the Humber and who are passionate about tackling health inequity. This gives opportunities for further professional development.

We would support early career GPs to access training opportunities including Trailblazer or follow other interests you may bring to the post.

For further information, contact Deirdre Malesa, Business Manager: deirdremalesa@nhs.net

For informal enquiries, or to arrange visit contact Dr Kieran Brown Kieran.Brown2@nhs.net

Closing date: 31st March 2025. Interviews: 17th April 2025.

ADDITIONAL ROLES REIMBURSEMENT SCHEME (ARRS) GP SAPA 5 PRIMARY CARE NETWORK

Are you a passionate and innovative GP looking for a dynamic role that blends patient care with exciting development opportunities? SAPA5 PCN is seeking a motivated GP to join our progressive and supportive team. This is a 6-session role, incorporating 4 clinical sessions and 2 sessions dedicated to development or project work, offering a perfect balance between hands-on patient care and professional growth.

At SAPA5 PCN, our vision is to support the community to live healthier, happier lives. We are committed to a patient-centred approach, evidence-based care, teamwork, collaboration, sustainability, and tackling health inequalities. Our PCN fosters an environment of continuous improvement and innovation, ensuring that we adapt to the evolving healthcare landscape while keeping patients at the heart of what we do. As a PCN of 6 well-established member practices, we emphasise teamwork, shared learning, and holistic care. You will have the unique opportunity to work across 2 of our 6 member practices, benefiting from a varied and engaging workload while actively contributing to initiatives that align with our core values.

What We Offer:

- Exciting Dual-Focus Role – 4 sessions of direct patient care and 2 sessions for development or project work, allowing you to shape services and influence change.
- Collaborative Working Environment – Join a team of enthusiastic healthcare professionals committed to delivering outstanding care.
- Career Development Opportunities – Lead or contribute to innovative projects, quality improvement initiatives, and service redesign within the PCN.
- Work-Life Balance – Flexible working arrangements to support your well-being and professional satisfaction.
- £10,000 per session – 12-month fixed term contract.

We are seeking a dynamic and adaptable GP who is passionate about patient care and eager to contribute to the ongoing development of primary care services. We are seeking applicants within 2 years of CCT who have not yet held a substantive position post qualification. The ideal candidate will have:

- A commitment to delivering high-quality, patient-centred care.
- A proactive and forward-thinking approach to general practice.
- An interest in service development, innovation, or leadership within primary care.
- Excellent communication and teamworking skills.

This is an exciting opportunity to be part of a PCN that values innovation and professional development while delivering exceptional healthcare to our patients. If you're looking for a role that offers variety, challenge, and the chance to shape the future of primary care, we'd love to hear from you!

Qualifications: Essential Criteria

- Newly Qualified General Practitioner with under 2 years from gaining their CCT (Certificate of Completion of Training).
