GP PARTNER

GREYSTONES MEDICAL CENTRE

4/5 Sessions

Who we are

At Greystones we have a growing list with around 3800 patients in S11. We have a stable population consisting mainly of young families and working age individuals. We have no care homes and a very low number of home visits. A Drop In clinic runs twice a week which is very popular with our demographic and provides good access. We work in a purpose built building with a newly developed lower ground floor, providing more opportunity to develop, as well as staff parking.

We are a GMS Practice using SystemOne, have weekly team meetings, and are an active member of the Porter Valley Network. Our GP is also part of a Research Group. Currently we are involved in training F2 doctors, and Medical students from several Universities. We are seeking to become a GP Training Practice.

Who we are seeking to join u

You would join a small agile team, who are able to adopt change quickly and take opportunities. We are very well supported by our reception team and have strong administration and managerial support, who are forward looking and driven. You would become a key influencer in the running and development of the practice, showing clear commitment. We need a buoyant and enthusiastic person, who is pro-active and keen to continue developing themselves and the Practice. We are looking for an individual who has or is developing good leadership skills to support and manage this small robust business, ultimately taking on a 50:50 partnership.

Informal visit welcome, please inform Practice Manger to arrange linda.benn@nhs.net / 0114 2666528.

Closing date: CV and covering letter received by 28 February 2020. Interview date 12 March 2020.

SALARIED GPs
ROYAL PRIMARY CARE

Do you have the ability to think differently?

Royal Primary Care (RPC) is the Primary Care Division of Chesterfield Royal Hospital NHS Foundation Trust. Our vision is to grow the concept of a family medicine focussed blended clinical model as an alternative to the traditional GP led partnership model, demonstrating that family medicine is a viable future option for delivery of cost effective, large scale, high quality, forward thinking integrated family medical care to our patients their families and the wider community.

RPC is looking for individuals who can innovate and build teams to support the delivery of high quality care to challenging populations through innovation and dedication.

RPC provides primary care services to 44000 patients across 8 sites in the Chesterfield and Clay Cross area. Clinical teams are principally locality based to develop and maintain continuity although some cross site working may be required. Each site comprises GPs, ANPs and Specialist Mental Health Practitioners supported by a Practice Nursing team alongside Pharmacists. Our multidisciplinary team aligns with our “Right Care, Right Clinician, Right Time” approach.

Our rate of change is rapid: in 2018 CQC commended RPC’s turnaround strategy and rate of progress. We are uniquely positioned to provide vertically integrated care to our patients and to develop GP special interests in primary care relevant areas such as ENT, Frailty, Paediatrics, Respiratory diseases, Diabetes and Digital Health Care.

For the right candidate with the right skill set we offer salaries up to £130k p/a without the risks intrinsic to the partnership model.

If YOU have the drive, determination and skill set, if YOU believe you are part of the future of primary care then please contact Dr Peter Scriven - Divisional Director of Royal Primary Care at p.scriven1@nhs.net.
