**LEAD GP AND/OR GP WITH INTEREST IN QUALITY IMPROVEMENT
PCS HAROLD STREET PRACTICE**

From 2-8 sessions
Competitive salary + additional Medicash policy

Primary Care Sheffield (PCS) is a GP-led organisation. Our shareholders are 73 GP practices in Sheffield covering over half a million patients.

PCS manages the 8 practices in Sheffield, with our newest addition being Harold Street. Harold Street is a small practice with a family feel in the Upperthorpe area of Sheffield. Due to circumstances, the practice had been left without clinical leadership for some time, prior to our takeover. The patient demographic is currently mainly Arabic, however with the city centre expansion this is likely to change. The practice list is 2,500 patients which means you will be on site without a peer at points but will always have the support from the wider PCS teams. You will have peer support from 30 other GP colleagues and leadership from the practices Clinical Director, ACP Lead and Clinical Nurse Manager. There is also support from the PCS wider team members such as the Medical Director and HR teams.

The PCS Practices are looking for a GP who has an interest in making change for the benefit of patients. We want to overhaul the service on offer, modernise processes and systems and focus upon quality improvements. You will be supported to do this, but you need to be someone who enjoys making change.

The ideal candidate will relish the challenge of modernising general practice, have an interest in improving quality, communicating with patients, clinicians and working within a growing organisation.

Do you have drive, ambition and the commitment to fulfil the needs of our patients? If yes, we would like to hear from you. In exchange we offer a competitive employment package, access to NHS pension, Medicash policy and mentorship for career development and progression.

Please note if you are interested in the GP Lead role you would need to be able to work least 5 sessions including a Wednesday morning to enable attendance at our Senior Management Team meetings. The Lead role attracts additional financial recompense. We are also always open to those who want to explore portfolio career in our wider PCS services.

If you would like to know more, please contact Head of Primary Care Kiz Haigh at kiz.haigh@nhs.net or our Medical Director lcormack@nhs.net for confidential discussion and an informal visit.
