### GP PARTNER

#### UPPERTHORPE MEDICAL CENTRE

(Branch site – Ecclesall Medical Centre)

Permanent post

Number of sessions negotiable

Due to a partner retiring, an exciting opportunity has arisen for a GP Partner to join our friendly, supportive two site practice in Sheffield. We are proud to serve the Uppertorpe and Ecclesall communities and to be active members of the City Centre and Sheffield Hallam University PCN.

You would be joining a team of 4 partners and 4 salaried GPs, all of whom value collaborative working and support each other to provide high quality patient care. Clinical discussions, mutual learning and continuous improvement are seen as key. Our 5 Practice Nurses, 3 HCAs and experienced administrative and reception teams all pride themselves on providing a caring service and welcoming environment for our patients. We work closely with other organisations and have a Clinical Pharmacist, Physiotherapist and Health Visitors all providing services from our practice. We have also recently recruited two Physician Associates and are looking at new opportunities the ARRS funding will bring to develop our clinician base and extend our patient care.

Our patient list is around 12,400 with the numbers split almost equally between Uppertorpe and Ecclesall. Serving two communities enables the staff to gain a greater understanding of the diverse health needs across the city and provides variety and development opportunities. Our Uppertorpe practice is a purpose built medical centre whilst our Ecclesall site is a partner owned converted house. Our staff have often commented on how much they enjoy serving both communities and the experiences and opportunities generated by working across two sites.

You would be joining a strong partnership with a mix of long-term and relatively new partners all of whom are experienced GPs and work closely together to manage the Practice. You may be a current partner who wants a change or a new challenge or you may be a current salaried GP who is ready to take the plunge into partnership – we'll be here to support and guide you. We're known for being a friendly partnership who value collaborative working and we are looking forward to bringing a new partner into the Practice. You would have a key role in influencing the direction the Practice takes and we would want you to bring your ideas and enthusiasm.

- GMS Practice;
- 2 site practice in Sheffield 6 and Sheffield 11;
- Offering extended access;
- High QOF achievers;
- SystemOne clinical system;
- Aspiring Training Practice (currently medical students only).

We know you will need time to think this opportunity through and will have questions for us. Please feel free to contact our Practice Manager, Emma Wells ([e.wells4@nhs.net](mailto:e.wells4@nhs.net) or phone 0114 275 1010) or in her absence Laura Whitlam, our Assistant Practice Manager ([laura.whitlam@nhs.net](mailto:laura.whitlam@nhs.net)) and they will arrange a discussion with one of the partners. Then, if you are interested please send your CV and a covering letter to [e.wells4@nhs.net](mailto:e.wells4@nhs.net) by **Friday 22 October**.
